

Register Your Business with Made in Montana

Joining Made in Montana is free, easy and offers many rewarding benefits for your business. It is important to note that the Made in Montana program is a certification program for your products, not services, or your company or business.

To be eligible for membership, you must sign a "self-attestation" form in your application that states your product(s) meet the Made in Montana criteria.

Applying online is the fastest and easiest way to submit your application to the Made in Montana program.

Step 1. Register for an Account as a Business

Note: If someone else has already registered your business, contact them to get the registration code. If you are unsure if someone from your business has already registered [contact](#) the Made in Montana Team to find out.

Step 2. Register your Business with Made in Montana. You will need some basic information and can scroll to the bottom and save a draft and return later to complete.

Step 3. Register your Products. In the case of retail stores, list your store as the product and include the Made in Montana inventory in the description.

For more information about the program visit <https://madeinmontanausa.com/Membership>.
